'Is Timeshare for Me?'

We received a lot of inquiries about programs and have given a lot of information to newcomers in the timesharing concept.

We have surveyed the area a few times to find out how familiar people are with the timesharing concept. Our results showed that even though people have a somewhat good knowledge of the concept they do not know how it can apply to their own vacation needs. As a result we have added to our website under our 'workshop' page this simple exercise titled

'Is Timeshare for Me'

We also published an article locally (in French) explaining the basics of timesharing and have received a great response too.
